

LAW NOTICE.

AND LAND AGENCY.
Messrs. EASTMAN & ADAMS: Permit me through your Journal to announce to the public that I have opened a Law Office in Leavenworth City, one door west of the Leavenworth House, where I shall attend to the various duties pertaining to the Legal Profession. Desiring to locate in a milder climate than that of northern Pennsylvania, where I have enjoyed for several years a successful practice at one of the best bars in the State, I have selected this place for a permanent residence, and trust my connection with the public will prove pleasant and satisfactory. In connection with the practice of law, (as will be seen by an appended card), have associated in the business of Law-Associates with S. P. HARRIS, whose position and residence in the Territory for several years, renders him worthy of confidence and eminently qualified for the undertaking.
I have the honor to direct for references; to His Excellency Gov. Wm. Bigler; Hon. G. W. Woodward, (Judge of the Supreme Court); and Hon. H. B. Wright, of Pennsylvania; and Col. J. W. Forney, at Washington.
J. MARION ALEXANDER.
Oct. 27, 1854.

The undersigned have established the LAND AGENCY, and INTELLECTUAL business, in Leavenworth City, at the Law Office of J. M. Alexander; where they are prepared to give strangers information concerning lands in Kansas Territory, and to assist in the purchase and sale of Claims. Also: Having the agency of a large number of Lots in this City, they will take pleasure in waiting on those who wish to examine and purchase city property.
Gentlemen who wish to employ our Agency through which to effect investments, may be accommodated with unexceptionable References and Security.
S. D. PITCHER.

MAYHEW'S Practical Book-keeping, by single and double entry, with a set of account books, to be used by the learner in writing up the examples.
This work has been recommended by the Superintendent of Common Schools for the City and County of New York; by the Principal of the New York Free Academy; by the Principals of the Public Schools generally, and of all the Ward Schools in the City and County of New York; by the Principals of all the public schools of the cities of Brooklyn and Williamsburgh, and by the teachers generally of other schools, both public and private, to whose knowledge it has been brought.
Such unanimity and strength of testimony, including the Principals of all the public schools of these three cities, is unprecedented, and still this work has been received with equal favor wherever it has become known, having been introduced into the schools of a large number of cities and towns in every part of the United States, within the brief space of three months from its publication, including several female colleges in as many different States, the high schools of a large number of cities, and an almost incredible number of academies and common schools scattered through the fifteen States. It will be observed, also, that teachers who have tested this work in the school-room, bear the strongest and most cordial testimony in its favor.
Price for both Book-keeping and Account Books, 76 cents sent by mail, postage paid address.

SMITH'S ILLUSTRATED ASTRONOMY.—A new edition of this work has just been published, containing new diagrams of the celestial sphere, meteors, etc., which are beautifully printed. This is the most complete work on astronomy now published. It has been the object of the author to present all the distinguishing principles in physical astronomy in a few words, and to point out, by way of diagrams and maps, as shall make the subject easily understood. This book is got up in the best style, and contains 32 illustrations, which are very interesting. Teachers say that this is the best book on astronomy for schools now published. The price is only \$1.00, sent by mail, postage paid, to any part of the country. Address DANIEL BURGESS & CO., no-3m 60 John street, New York.

Dr. E. W. Brown, Oculist,
RESPECTFULLY tenders his professional services to the citizens of upper Missouri and the Kansas Territory. Having carried on an Eye Infirmary for several years in St. Louis, Mo., and having treated a large number of patients with almost every description of diseased Eyes, he flatters himself that he will be able to give satisfaction to all who may desire his services. His infirmary buildings are large and fitted up so that patients are not only well accommodated, but under his immediate care. The cost of being cured at his establishment is comparatively small when traveling and other expenses to St. Louis or any other distant point are considered. Persons having children laboring under long continued and dangerous diseases of the Eyes are most positively assured that they can get them cured at his infirmary. Dr. Brown would, also, respectfully invite the attention of the medical profession throughout the country to his establishment, and if cases of diseased Eyes should spring up in their practice that can only be treated successfully at an eye infirmary he would be much pleased to have them recommended or sent to him. If any further information is wanted, call on Capt. Easton, or W. H. Adams, at the Herald office.
